Elden Ring Features Key:

• The World of "Prophecy Wars" • A Variety of Classes • A Mixed Battle System • Unique Skills A world that spans to the Lands Beyond, known as the Prophecy Wars, where much is in turmoil. A landscape that thrills us, with vast areas open to the world, as well as imposing dungeons with complex and three-dimensional designs. You must prepare to battle with a variety of enemies, but there are also allies, who will help you raise your power. • Classes and Skills Select one of the four classes - Magic Knight, Assault Trooper, Mage, Archer, and Adventurer - which all have their own unique skills. Each class also has a "weapon" that they can use in the battle, and can either be used temporarily or permanently. The Four Classes Although we can call each class by its actual name, we use for convenience the titles that are more readily available. We hope they will help you enjoy the game more. Magic Knight The Magic Knight is a powerful warrior who uses magic. However, this class' attacks are slow to activate, so we need to carefully judge whether to use magic. But when they have been used, a great amount of power will flow out, and that can be used to do great things! Assault Trooper The Assault Trooper uses a rifle as their weapon, and they move fast in the battle. It is said that they have been forged and enhanced by the Elden Powers themselves. Their attacks are powerful, but there is also a chance they will destroy their weapon and be unable to use it in battle. Mage The Mage uses magic, and as a result, they can use a variety of magical spells and manipulate their own magic. To master the use of magic, we must be able to practice and think for ourselves. However, when you choose to use magic, it takes time and effort, so you must be careful to avoid overuse. Archer The Archer class uses bows and arrows, and can attack enemies by laying siege to them. They have the ability to master their weapons, and these weapons are not common in other classes, so their ability in battle is also high. However, their own arrows can only be shot at once, and each shot takes time to prepare, so we need to be careful when firing them. Adventurer The Adventurer is a class that can use both physical strength and magic. The Adventurer
