div. When i load the page for the first time, it works, the data shows, but when i load the page again the data does not show. Im using php and js $.ajax({ url: "get('base_url');?>index.php/new/results", dataType: 'json', cache: false, success: function(data) { $('#result').html(data); } }) and the html AJAX call returned this: and the js $

(document).ready(function(){

$("h1").click(function(){

$('#result').load('') }) })

A: Try something like this

$(document).ready(function(){

$("h1").click(function(){

$('#result').load('') }) })

You need to remove that semi colon from your success because it stops the page reloading. Also don't use the #result

selector to redirect the page. jQuery's AJAX method provides several callbacks for handling any ajax http responses. I don't know which version of jQuery you 0cc13bf012

Oct 20, 2018. After Windows 10 Anniversary Update, downloading language packs and installing them. if you look at Windows Language Packs, you'll see that some of them say '. To assess the prevalence of inhalant and drug allergies in psoriasis patients, the charts of 145 consecutive patients with a first diagnosis of psoriasis were reviewed. Inhalant and drug allergies were diagnosed based on the results of a questionnaire completed by the patient and the patient's primary caregiver. The prevalence of allergic sensitivities to inhalants and drugs in psoriasis was 31% for inhalants and 26% for drugs. Ten patients had allergies to both inhalants and drugs. Our results confirm previous reports of the high prevalence of inhalant and drug allergies in psoriasis.Why would you want a job as a lab manager? A good lab manager has many different responsibilities. A lab manager must be able to focus on the details while making sure that everything is organized and runs smoothly. Lab managers oversee all lab personnel and materials, ensuring that proper procedures are followed and that production is constant. Lab managers are in charge of scheduling staff. They decide on
